Not for Ourselves Alone, But for the Good of Others Also.

DOINGS OF THE PRESENT WEEK

Pangent Notes Pertaining to Events Transpiring About Town

All quotations withdrawn on account of advancing prices.

EAST COAST LUMBER & SUPPLY CO.,
Mr. S. N. Gladwin is continually making improvements upon his residence property near the station.

Mr. Fred Black moved yesterday from the Dodson cottage to one of the Walker cottages in North Titusville.

Miss Bertha Branch, after spending a couple of weeks here with her friend, Miss Frances Robottom, left Wednesday for her home at Orlando.

The old fashioned ice cream is hard on digestion. Our "New Process" cream is predigested, and so harmless for children and invalids—Banner Drug Store.

Mrs. Walker, of Atlanta, who is here on a visit to her parents, Mr. and Mrs. Frank S. Battle, says she finds the weather no warmer here than in her home city.

With the end in view of making the St. Lucie river a protected harbor, the government has sent a large force of engineers to Stuart, to survey the St. Lucie river at Gilberts bar.

One hundred and eight barrels of fish were shipped out of Titusville Tuesday afternoon by express and the shipments for the past week have been running heavy, one fish house shipping over fifty barrels in one day this week.

Mrs. Day, whose home was destroyed by fire on the evening of July 4th, has decided not to rebuild on the burnt site, but instead has purchased one of the Carruthers places, the one formerly occupied by W. R. Knox, on Broad street.

The U. S. government dredge boat Florida, in command of Capt. J. P. Sharpe, which has been dredging out the shoals near Jupiter narrows, has gone to Jacksonville, where the vessel will go on the dry dock and be lengthened twenty feet.

Neither Miss Nellie Geiger or Miss Mabel Whitacre, who were appointed by the school board to teach in the Titusville high school, will fill the positions to which they were appointed, and School Superintendent Walker is now endeavoring to secure teachers to take their places.

As Miss Beck Saw Taft

Writing from the Denver convention to the Pensacola Journal, Miss E. Nellie Beck, one of the most talented newspaper women who ever worked on a Florida paper, remarks incidentally in a long chatty and interesting article, that "Taft is round, jolly and genial, but so is Florida's Appleyard." It's Col. Tom's time to set 'em up.—Short Talks, Jacksonville Times-Union.

Fine Monday Offerings of Men's Clothing

We will put on sale about 500 pairs men's trousers in all the new and up-to-date patterns, prices ranging from \$2.50 to \$5.00.

Men's clothing—blue serge suits worth \$18.00, special Monday only, \$12.00.

Titusville Fla.

Wood For Sale

Pine or oak, any length. Also plowing and harrowing. See or address J. W. Jamison, Titusville, Fla.

Draying

Draying or hauling of all kinds promptly attended to. Meet all trains.
H. E. HOLTON,
Titusville, Fla.

\$3.50 ANKLE FITS \$3.50

The secret of a good oxford lies in the ankle fit and the heel seat. If the ankle is cut wide the shoe is loose. Result—chafing and blisters. Cut too tight, it binds and your foot feels as if in a vice.

Abbot oxfords are carefully designed and the patterns are adapted to all ankle types. The heel of the shoe fits the foot. We can fit you and your pocketbook with an Abbot shoe.

WINSTON S. BRANNING
Titusville, Florida.

Lower Court Decision Reversed

Word was received here Monday afternoon from Tallahassee to the effect that the supreme court of the state had reversed the decision made several months ago in reference to the spur track having to be rebuilt to the river at Rockledge by the F. E. C. Railway company. Mr. Robbins, attorney for the company, does not think the spur will be rebuilt at all.

Important Partnership Change

An important change in the partnership of the Titusville Lumber Co. was effected last week by the purchasing of Messrs. F. S. and G. C. Battle's interest in the company by Mr. Henry Pritchett, of Jacksonville. The deal had been under consideration several days and was effected last Friday.

The affairs at the mill are going on just the same and we hope the Messrs. Battle will decide to remain here as they have made a host of friends who would regret to have them leave Titusville.

Mr. Pritchett also has purchased Mr. F. S. Battle's stock in the Indian River State bank.

Fall Work on the Florida Keys

The Key West Citizen has the following to say relative to the recent visit of F. E. C. railway officials to that place:

"The arrival of the officials at this time lends color to the report that the work on this end of the extension will begin soon. There would be no call for a visit at this time unless it was expected to begin the work soon. The officials refuse to discuss the matter, though they readily give the assurance that the road will be completed shortly."

In speaking of the probability of a resumption of work in the keys, and on the terminus at Key West, Mr. Parrott said:

"It is not probable that work along the keys would be in full swing before November because of the mosquitoes, but we will have a force of men at work on this end before the first of August. This is encouraging news and will add greatly to the already flourishing business of the city."

See Nature Take Its Course

A man in Orlando was up before the mayor a few days ago charged with the offense of trimming his side walk trees, which causes the Ocala Star to remark:

"We neither trim our trees—nor do the city authorities care a tinker's lead if they do it, no matter how many parasols, umbrellas or ladies' hats the low drooping limbs snatch bald headed and ruin. We love to see nature take its course in Ocala, no matter who it makes mad."

LATEST NEWS AND INCIDENTS

Personal Paragraphs About People that Travel Here and There

Dr. Miller, Dentist, Titusville.

The northbound train 78 Wednesday was delayed four hours.

Mrs. T. B. Wilson has returned from a stay of several weeks at Daytona beach.

Mr. T. Hall, of Indianola, left here Wednesday morning to spend a few days in Tampa, expecting to return this Friday afternoon.

Mr. James L. Conner, who recently went from here to Daytona with C. T. Massey and son, returned Monday afternoon and says he will remain some time.

Mr. L. A. Brady left Monday afternoon for New York, Boston and Bethlehem, N. H., where he will join Mrs. Brady for a stay of six weeks or perhaps two months.

It was Mr. Geo. Gingras and family who left Rockledge last week for the north, instead of Mr. L. A. Gingras, the two being brothers our reporter got the names somewhat mixed.

Mrs. J. N. Feaster, after a two weeks' visit here with relatives, left Monday afternoon for Seale, Ala., where she will spend the summer with her daughter, Mrs. T. W. Anderson, and family.

Mr. Geo. M. Robbins' runabout motor boat Spray was tried yesterday afternoon with the Stover motor and is doing good work.

Major F. M. Taylor has ordered a 31-2 h. p. Hartford gasoline engine for his 18 foot boat which will be installed as soon as it arrives.

The new August records for the Victor talking machine will be on sale at Indian River Music House next Tuesday and Wednesday.

By reference to the weekly weather report from Jupiter, published on page 5 this week, it will be seen that the temperature on Saturday was 95 degrees which has occurred but once before in 21 years, viz: in June, 1890.

Statement Grossly in Error

In their address to tax payers the Cocoa committee make this statement: "The jail is virtually a total ruin." "It would not be safe or economical to build on the parts of walls left standing."

Tax payers, compare this statement with the offer made by Contractor L. R. Decker to the county commissioners that he would rebuild the jail and put it in first class condition for \$2,900.00 and it would then be worth \$10,000.00. Since the fire scores of you have been here in person and seen with your own eyes that the jail is not a "total ruin" by any means, and that the statement of Contractor Decker is correct and can be carried out. By Mr. Decker's statement the jail is today worth \$7,100 to the people of Brevard county.

Church Notes

Lumber Prices Looking Up

Eau Gallie, Fla., July 21, 1908.

Editor of THE FLORIDA STAR

It may be of interest to your readers to know that at the last meeting of the Georgia and Florida Sawmill association their reports showed a very encouraging outlook for the lumber operators. Stocks in the yards throughout the country are lower than they have ever been known, and the stocks on hand at the mills are getting very much depleted.

Planing mill lumber has already advanced from \$1.00 to \$2.00 per M. and with the prospect of still further advance the yards throughout the country are placing heavy orders.

The outlook in all lines of business is distinctly encouraging and there is bound to be a strong advance in all lines between this and winter. Those intending to build should lose no time in placing their orders.

Yours truly,

G. F. PADDISON,

Gen'l. Mgr. E. C. L. & S. Co.

Orange Boxes

We can sell you Cumber orange boxes at all points between East Shiloh or Mims and W. Palm Beach, except Cocoa station, and will be pleased to make quotations also on wraps, and nails.

Cutting Canal in the Solid Woods

Capt. Gleason, superintendent of the East Coast canal, reports that excellent progress is being made in the cut at the head of North river to connect with Pablo creek in the construction of the canal between St. Augustine and Jacksonville. More than one half mile has been cut into the solid woods with a width of seventy feet and almost to the required depth. All of the excavators and dredges are working well and on full time. This work is being pushed by the canal company with all possible speed.

LOCAL GOSSIP AND PERSONALS

Something About the People of Titusville as They Come and Go

Work on the Rathbun cottage, which had been stopped for a week or so, was resumed the first of this week.

We felt the need of that new ice factory again this week. We can't get ice fast enough from adjoining cities to supply the demand.

Another little daughter arrived at the home of Mr. and Mrs. J. M. Osban early Saturday morning, completing a bright little feminine quartette for them.

Call and see the beautiful line of Queen Quality oxfords, in all the latest styles, we call especial attention to the Brown Russia 2 button, Ooze top. Large shipment just arrived at Branning's.

Mr. J. L. Mobley returned the first of the week from Micco where he attempted to get an artesian well for Peter Bertelsen, but met with failure. He will drive a well for the Indian River Co., at Clifton next.

A fisherman by the name of Haines is having a novel floating houseboat built at the city dock. It is 11x16 and is floated on top of eight kerosene oil barrels. It is probable that four more barrels will have to be put under the structure to float it properly. This floating room is intended to be towed from place to place with a motor fish boat.

Screen cloth, yard or roll.
Insect powder, FRESH.
Columbia and Edison batteries.
Globe-Wernicke book cases.
FURNITURE, DRY GOODS, SHOES
Refrigerators, water coolers.

Cussed Out the City Editor

The Daytona Journal of Wednesday states that "C. T. Massey, a 'promoter' who has been stopping at the beach for a few weeks past, and hails from Titusville where he ran a small restaurant near the depot for some time, came to the Journal office last Thursday and 'cussed out' the city editor, C. Fred Price, who had a warrant issued for his arrest on a charge of using profane language. In the mayor's court Monday morning Mr. Massey plead guilty and paid the costs of \$2.50. Mr. Price not desiring to prosecute him further he was turned loose with a reprimand from the court to not let it occur again."

New Totafari Mango

Dr. Bessey, of the state agricultural experimental station at Miami, last week sent Mr. John B. Beach one of twelve mangoes of a new variety that he has grown in four years from a plant sent him from Washington that had been imported from India. This fruit is called the Totafari mango. In the presence of a few friends Mr. Beach cut and examined the fruit. It weighed 1 1/2 ounces, was a handsome lemon yellow in color, good shape, being full at the base, well rounded and full bodied, seed long and slim, flesh light yellow, custardy and with little fibre, flavor very pleasing and spicy. The unanimous verdict of those present was that it would be a valuable acquisition to our mango family and well worthy of propagation for variety.—West Palm Beach Sun.
